### DAYLIGHT SAVING TIME

The Summertime Act, passed as a war economy during WWI brought Daylight Saving Time to England—and confusion to the trenches in France. All nations, including Germany, were forced to change their clocks and thus, re-synchronize the war.

In 1918, President Wilson signed a bill introducing D.S.T. to the United States. It has always been opposed by farmers who were forced to change their livestock's schedules.

Now used in 27 states and ten foreign countries, D.S.T. affects interstate phoning or traveling. Confused about which way to turn the clock April 24? Makers of the Westclox Baby Ben offers this tip: "You Spring forward and you Fall back!"

Organized in 1957 by the present chairman, the Council for the Aging, represents over 1500 senior citizens in town. Always alert to help seniors with a problem, the council has been cited on several occasions by the Massachusetts Council on Aging and other local groups. The council was one of the prime movers in the late 50's to establish housing for the aging and at the request of the housing authority and the selectmen did at that time undertake a town census to determine if a housing unit was needed. The census as reported by the council, to the town fathers and Housing Board did show that housing was urgently needed and the council worked with the above boards until time the Country View Apartments were built. Now very much interested in the Agawam center housing, council has invited both Francis Gensheimer, chairman of the Housing Authority and Arthur Wyatt, executive director of the authority to attend Friday's meeting and report on progress of the new apartments.

Many questions have been directed to the council regarding the new apartments and Mrs. Danford, invites any senior citizen with a question, to call one of the council members who will present the question at Friday's meeting. All questions will be answered personally.

Plans for the second annual Hobby Show and other future projects will be on the agenda of Friday's meeting. Mr. Ferrell will man the Listening Post tomorrow at the Town Hall and will also receive questions at this time.

Charest said, "We are delighted to proclaim this week and dedicate it at the same time, to the wonderful work done by adult volunteers in behalf of the boys and girls, participating in the youth program. On behalf of my two fellow selectmen, I sincerely wish that the third annual auction, sponsored by the YMCA will be a truly successful one."

Charles "Chick" O'Malley, general manager of the Springfield Giants, was present at the meeting to present Ernest Swanson, YMCA president, two season passes to all home games of the Giants. This marks the third year that Mr. O'Malley, has come forward to assist in YMCA week in Agawam. Any resident of Agawam or surrounding communities

Deadline for bids is a postmark no later than midnight of Sunday, the 25th. The winner will be announced in the papers on the 27th.

Archie Taylor, general chairman of this year's auction reminded all baseball fans, that the tickets are worth over \$100. "Let's help the YMCA and at the same time, perhaps you will enjoy all Giants games as guests of the Giants management." The highest bid will win the season tickets.

Fred Affleck, James Pease or John Chriscola should be called for pick up of articles for the auction. Trucks will again go out on Saturday and all donations will gratefully be accepted. The general public is invited to attend the auction, which will be held on Saturday, May 1, at the Better Living Institute on the Eastern States grounds.

## National Library Week

### Open Your Future — Read

For the eighth consecutive year, libraries throughout the nation are observing National Library Week, April 25—May 1. It is a week set aside to focus attention on libraries of all sorts. This year a dual selection of slogans—"Open Your Future—Read" and "Know What You're Talking About—Read"—points up the importance of reading to keep abreast of the rapid pace of our world, whether it be space flight and the prospect of spending our next vacations on the moon or the distressingly critical situation of the race question and civil rights.

Providing material on all questions confronting us now, as well as recreational reading, reference material for students and "escape" material, is a large order for a library system operating in extremely cramped and poorly equipped quarters and on a very modest budget. However, your public libraries invite you to visit them during National Library Week. There will be many new adult books on display and on which you may place reserves.

Your attention is called to the display in the window of the Agawam Branch of S.L.S. The bank is graciously giving the libraries the use of the space from April 16-April 30.

Not only during National Library Week, but at frequent intervals through the year, the local newspaper publish a list of recently added books. A 'phone call to whichever library you use is all that is necessary to place a reserve on any book on the list and you will be notified when the book is available. In the same manner, the local libraries will secure books not owned by them through the Western Regional Public Library System.

If you are not familiar with the library schedules, stop in and you may secure a bookmark listing location and hours of all three libraries.

### ASPARAGUS

Asparagus is a vegetable of contrasts. It takes about three years to establish an asparagus bed—longer than it takes a dairyman to raise a cow. But when the spears of asparagus nose their way above the ground in the

spring, they grow like magic—as much as eight to ten inches in a day. The warmer the weather, the faster the growth and the better the quality and flavor. Growers often cut the asparagus spears everyday during its season. Once an asparagus bed is started, it may remain productive for more than thirty years.

## Affection Upheld

San Pedro, Calif.

The judge asked Albino Salazar if he was satisfied with the jury which had been selected to try him on a charge of making an illegal left turn.

Said Mr. Salazar: "I love every one."

Judge Louis Feder asked the prosecutor, Howard M. Van Elgort if he was satisfied. He said he loved the jury, too.

The trial was then held in Judge Feder's municipal court here. The jury deliberated, and reached its decision:

"We find you guilty, with love and regret."

At the Agawam Lions Club meeting last night in the Junior High cafeteria, Chairman Les Moore and his committee submitted a slate of officers for the coming year, starting July 1st, nominating for President, Ken Clouse; Chet Matys, first vice-president; John Mercadante, second vice-president; Ed Schmidt, third vice-president; Duane Stebbins, secretary; Frank Hardina, treasurer; Fran Scanlon, lion tamer; Bob Johnson, tail twister; John Galica and Tom Vella, directors; Tom Cascio and George Andrews, directors for Lions Park.

The meeting also was Family Night and had many families of the Lions in attendance, who enjoyed a bountiful ham dinner prepared under the direction of Master Chef Nick Zucco. The entertainment furnished by Chairman Ray Harris was certainly enjoyed by both young and old, and many suggested that this be an annual affair. This event replaced the annual Fathers-and-Sons and Fathers-and-Daughters Nights and allowed the whole family to be out together.

Next Saturday night is the testimonial to District Governor Art Tinney at Betty's Old Towne House and is the first time this annual tribute to the District Governor has been held in Agawam. Many folks from the Agawam Club will attend, together with representatives from the other 40 clubs in the district.

The next regular meeting will be Ladies Night on May 5th at the Springfield Country Club arranged by Chairman Walt Dautitz, and also will be the 21st Charter Night.

### Methodist WSCS Supper Saturday

A smorgasbord supper will be served by members of the Women's Society of Christian Service of the Agawam Methodist Church Saturday evening in the social hall of the Feeding Hills Congregational Church, North Westfield St., Feeding Hills. Sitings will be at 5:30 and 6:30.

The menu will consist of chicken pie, Texas hash, meat balls, corned beef hash, frankfurts, macaroni and cheese casserole, tuna casserole, home baked beans, sauerkraut, green beans almondine, waldorf, tri-bean, and assorted salads, cole slaw, deviled eggs, assorted relishes, spring delight dessert, coffee, tea, and milk.

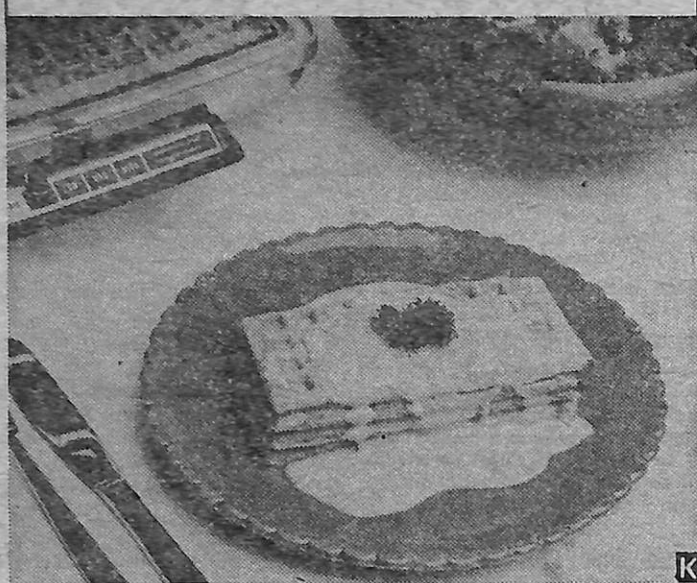

The committee in charge is Mrs. Marshall Keyes, Mrs. Walter Meissner, Mrs. Horace Ashline, Mrs. Thomas Williams, Mrs. Herbert Binns, Mrs. Clayton Fuller and Mrs. Norma Whitaker. Mrs. Charlotte Crichton will serve as dining room hostess and Mrs. Frances Fearn is ticket chairman.

Reservations may be made with Mrs. Ronald Ashton, 736-2018, or Mrs. Herbert Binns, 733-8097.

## SALMON WAFFLES

Quick luncheon idea adds flaked canned salmon to a basic recipe for plain waffle. (Use a mix if desired.) It's a delicious flavor combination.

If you've never tasted salmon waffles, you don't know what you're missing, especially when they are served with a delicious sour cream sauce flavored with dill.

Adding salmon to a basic waffle mixture transforms this popular breakfast dish to more substantial fare, suitable for lunch or supper. Served with a tossed green salad, the waffles and sauce make a quick, economical and nutritious meal—pretty too. It's the salmon, of course, that adds not only flavor and color, but protein to the otherwise bland waffle. Try it, and you'll have another family favorite to count on when time is limited.

#### SALMON WAFFLES

2 eggs, separated  
A 1-pound can salmon  
1½ cups milk  
½ cup melted butter  
2 cups all-purpose flour  
¼ teaspoon salt  
4 teaspoons baking powder

Beat egg whites until stiff but not dry. Drain liquid from can of salmon into a mixing bowl. Add egg yolks, milk and butter and beat until well blended. Combine flour, salt and baking powder. Add to egg yolk mixture and beat until well blended. Flake and stir in salmon. Fold in beaten egg whites.

Preheat waffle baker to medium. Pour about 1 cup of the batter evenly over the grids. Bake until light goes out and waffle stops steaming. Carefully remove waffle, and continue to bake remaining batter. Makes four 4-section waffles, or 16 sections.

#### SOUR CREAM SAUCE

Combine 1 cup commercial sour cream and 1 teaspoon dry dill weed, or 1 tablespoon chopped fresh dill. Heat over simmering water.

There's one thing certain about flattery—it's not done with mirrors.

Every year it takes less time to fly across the ocean and longer to drive to the office.

## Jr. Women's Club Install Officers

The Agawam Junior Women's Club held its annual meeting and election of officers last Tuesday evening. The election and installation ceremony was conducted by Mrs. William J. Miller, past president.

Stoll, second vice-president; Mrs. Thomas Roberts, recording secretary; Mrs. James D. Fogg, corresponding secretary; Mrs. Robert E. Webster, treasurer; Mrs. Herbert M. Carpenter, assistant treasurer; and Mrs. Richard L. Fields, Mrs. John Liptak, Jr., and Mrs. Joseph Masciotra, directors.

Mrs. Bruno Maule, retiring president, conducted the business meeting and was presented a president's pin as a remembrance of her year in office.

Among head table guests were Mrs. Stephen R. Jamrog, president of the Agawam Women's Club; Mrs. Eugene H. Lund, Mrs. Wendell M. Gosse and Mrs. Francis Webber, counselors from the Senior Club; and Mrs. Victor J. Shibley, 14th District Representative from the Massachusetts State Federation of Women's Club, Junior Membership.

## SPORTSMEN'S CORNER

By Bill Chiba

The opening day of trout season last Saturday was cold and very windy. My son, Tony and I, arrived at Rowe bridge on the Deerfield River around 6 in the morning and the lack of fishermen was very noticeable. The traffic picked up later in the morning and quite a few limit catches were witnessed by this writer. Just up from the bridge three fishermen took seven of the nicest brown trout I have ever seen caught in a stream in Mass. The fish ranged in length from 18 1/4 inches to 23 inches, and all were caught on shiners. We used streamers and nymphs and had only one strike all day. Sherm Lowell landed three in the eight inch class on Stan Cowee's streamer. According to the game warden, Sherm was the only fisherman on the whole river that had taken fish on flies.

A gang of friends gathered for dinner at noon. Out of the 12 hungry anglers, only two had taken fish, Sherm Lowell and Joe Fedak. Joe had landed two on hardware early in the morning. Not a very good average for the tremendous amount of fishing experience that was amassed for Kielbasa and fried chicken. We are convinced in this corner that shiners are the only bait to use if you are after trout in earnest the first day of the season. You may take a few on hardware and worms, but the real big fish are taken on shiners. This was the case on the Deerfield opening day.

### Something New

The Phillips Fly and Tackle Co. of Alexandria, Pa., has designed a fishing lure that resem-

bles a small, sleek, racy gamefish at the moment it struck a tiny minnow. Thousands of fishing experiences proved that at this critical moment, other gamefish in the area became extremely excited and would rush in for the kill, or become most alert and ready to feed. The lure was developed for a dual purpose...to act on the surface as well as underwater. It is said to bob and twitch on the surface; and with the slightest retrieve begin and erratic fishcatching descent. It is available in six flashing colors: Pike, Mullet, Blue, Red, Gold and Frog. A catalog may be obtained from the Phillips Fly and Tackle Co., Alexandria, Pa.

Visited Matt's Bait Shop Sunday, and learned from Poppa Matt that Congamond produced a great number of trout opening day. Lake Lorraine, and Five Mile were very productive to the hundreds of anglers that lined the shores. Swift River was phenomenal with limit catches being the common thing. Bill Freeman, Jr., of North Westfield St., Feeding Hills, creelied his limit very early in the morning. The fishing pressure on the river was exceptionally heavy. Al Bregenti, Conservation Officer, remarked he had counted 197 cars parked along the river. An unheard of number of fishermen ever to visit the river during a fishing season.

This coming Saturday, Tony and I will join a group of Westfield anglers for a crack at the Battenkill in Vermont. The early fishing is supposed to be fabulous. You can bet that I will be taking along a good supply of shiners. Freddie Witek, co-owner of Witek's Tackle Shop, Meadow St., Westfield, is guiding this excursion, and promises that the fishing will be excellent, and the food even better... We shall see!

## WWLP To Telecast Suffolk Downs Racing

Racing from Suffolk Downs will be featured in a series of weekly telecasts on WWLP—Channel 22 Saturday, 5:30-6 p.m., starting April 24.

The running of the feature race of the day will be shown live, together with videotapes of the daily double. Fred Cusick, veteran Boston sportscaster, will be host for the programs and Dom Valentino will call the races.

College years: the only vacation a boy gets between his mother and his wife.

## DON'T IGNORE THE OBVIOUS

About the time a guy starts thinking he knows something about fishing, an incident occurs that disproves all the theories and ridicules years of experience.

"Why will some of the best catches this coming season be made in the most unlikely places?" ask the fishing authorities at Mercury outboards. And how come many of these prized lunkers will fall to novices whose angling tactics are unfettered by rules and strategy the "old hand" religiously observes.

Like where to fish, for instance.

No knowledgeable angler will fish around a swimming float, preferring to run several miles up the lake to a "secret" cove. It takes a rank beginner to splash a plug up close to the float. Often he connects. Early in the morning, before the commotion starts, these spots are temporary hideouts for big fish.

Boat docks are another favorite haven. And about the only baits dunked below the planks are dough balls dipped by youngsters for bluegills. Yet the presence of small forage fish portends that larger ones will follow. And who hangs the big fish here? Of course: the man who "doesn't know any better!"

Buoys and channel markers not only provide shelter, but their presence may indicate rocky, fish-laden shoals just below. A word of caution, however: under no circumstances tie up to any marine marker or anchor in such a position that its identification is blocked to other traffic.

Sometimes even your boat attracts fish. If you've been drifting quietly for a while, a cautious peek over the gunwale may disclose a husky bass or pike finning lazily in the shadow.

Don't pass up the obvious places, however absurd they may seem. You never know what the water holds until you try.

## Celtics-Lakers Playoff On WWLP

The Celtics-Lakers NBA Playoff game Friday (April 23) will be seen on WWLP—Channel 22 starting at 11:30 p.m. This will be a live telecast from Los Angeles.

If a game is played on Tuesday, April 27, it will also be carried by Channel 22 at 11:30 p.m.

## Little Shaver

A local newspaper reported the story of the mouse that ate the "moustache."

The report said that after a healthy supper of smoked bacon a farmer spent the night in a mill near Ivanjica, south of here, and woke up in the morning with very little of his "fine, long moustache" left.

A mouse, attracted by the aroma of bacon on the mustache, munched on it during the night, the story added.

Redwinged blackbirds are among the most conspicuous birds of swamps and marshlands, according to the Mass. Audubon Society.

## At Your Service

DAVID C. GALLANO  
Director of Veterans Services

With several million veterans potentially eligible to buy new GI insurance, VA offices are flooded with inquiries. The following Question and Answer series may be of help and interest.

Q—Is GI insurance once more available to veterans?

A—Yes, a new type of GI insurance is to be made available to certain veterans who were eligible for the original NSLI insurance, principally those with service-connected disabilities.

Q—What veterans were eligible for the original NSLI insurance?

A—Most of those who served between October 8, 1940 and January 1, 1957.

Q—Are there eligibility requirements besides dates of service?

A—Yes, the veteran must be in one of the following three groups:

a. Veterans with service connected disabilities who meet insurance standards of good health.  
b. Veterans whose service-con-

nected disabilities alone prevent them from meeting insurance standards of good health.

c. Veterans whose service-connected disabilities as of October 13, 1964, had prevented them or would have prevented them from buying commercial insurance at the highest rates.

Q—How much NSLI insurance may a veteran purchase?

A—The full \$10,000 coverage if he never had NSLI of if he had it and allowed it to lapse. Or he can purchase sufficient insurance to bring his total NSLI insurance back to the \$10,000 level, if he wishes.

Q—Does he have to bring it back to the \$10,000 level?

A—No. He can purchase lesser amounts but not less than \$1,000 worth.

Q—Where can this NSLI insurance be purchased?

A—Service-connected veterans generally should apply to the office having their claim file. Veterans who have only nonservice-connected disabilities and who cannot obtain commercial insurance should apply to the insurance offices at either 5000 Wissahickon Avenue, Philadelphia, Pa., 19101, or at Fort Snelling, St. Paul, Minn., 55111.

Q—When can the veteran apply to purchase this insurance?

A—Beginning Saturday, May 1, 1965, and from then until midnight Monday, May 2, 1966.

Q—Does the VA plan to notify all eligible veterans?

A—The VA would like to but cannot. Nearly two million veterans receive monthly compensation payments for their service-connected disabilities. Information is being mailed to these veterans. But there are almost as many other veterans with service-connected disabilities rated at such a low percent that they do not receive compensation. And there are other veterans who have service-connected disabilities but who have never applied for a rating. These veterans, together with the severely disabled nonservice-connected veterans, must contact the VA on their own as there is no way of reaching them.

... second appearance

**JIMMY DEAN** IS GOING TO Winter Haven, Fla., for his show in March when his guests are Eddy Arnold and Kay Starr . . . Terence Young has ambitious casting plans for his Xerox-UN special, due next season. He's out to sign Kim Novak, Claudia Cardinale, Jeanne Moreau, Vittorio De Sica, Alec Guinness, Paul Newman and Joanne Woodward, Sidney Poitier and Richard Widmark. To be filmed in Iran and on the Italian and French Riviera's, it's an Ian Fleming yarn about the international narcotics traffic . . . The second comedy-drama in which Bob Hope stars on his NBC series this season will be "Russian Roulette," a story about a comedian (played by Hope) who becomes involved in international intrigue while entertaining American personnel in Berlin and Russia . . . The Flintstones has been renewed for its sixth season on ABC.

**LUCILLE BALL'S SHOW** WILL BE back on CBS again next season, at the highest price—\$90,000 per episode—paid by any network for a half-hour series . . . Peter Matz, who is an arranger and conductor of some of her album songs, will be musical director for Barbra Streisand's special . . . Albert Salmi has become dissatisfied with the size (small) of his continuing role as Dan's side-kick on Daniel Boone and has decided to leave the series for greener frontiers . . . ABC's Wide World of Sports goes to Vail, Colo., for the North American Invitation Alpine Ski Championship, and to Oslo, Norway, for the Holmenkollen International Ski Championship . . . And CBS offers the National Water Ski Championship, which was taped last August at—are you ready?—Lake Chagogagoggmanhauggagogggaubungagungamaugg, Mass.

### **SQUARE DANCE**

By Al and Elaine Taupier

### **ATTENTION SQUARE DANCERS!**

Walt Swan is arriving here in Agawam tomorrow night at 8 p.m. to call for our Club dance. Walt hails from Riverdale, R.I., and is reputed to be one of the outstanding callers of our time. We hope Promenader members and guests will be out in full force to welcome Walt Swan to our town.

In addition to an exceptional dance anticipated, Rupert and Ethel Kane have planned something special in the refreshment department.

For those who are working on century books, this will be a good signature to get, so don't forget your books.

We understand the nominating committee is working hard to come up with a good slate of officers . . . Good luck to them!

Coming in May we will have Dick Steele for our first regular dance and the second dance will bring Chip Hendrickson to Agawam.

See you Friday evening at Robinson Park School to dance to Walt Swan calling.

On Sunday, April 25th, the Junior Jamboree will be held at the Memorial School in West Springfield. Junior Chairman Gladys Belcher plans to attend with a group of Agawam girls and have a display of their projects.

### Girls' State Tea

able for members who wish to purchase them.

### Unit Activities

"We're a small Unit," is no excuse for not serving in the American Legion Auxiliary. Look at the work being done by your local Unit — Wilson-Thompson Unit #185 has less than 80 members, yet their accomplishments during the past year include: Five regular Hospital Volunteers; Sponsors a girl to Girls' State; Doing a landslide business on Coupons for Scholarships; Eager Beavers at Christmas Gift Shop; Carrying on a Poppy Program . . . Won't you help?

## SOCIAL SECURITY

### Questions and Answers

**Q.** My oldest son will be 18 in July. I have been receiving benefits on his behalf since my husband's death last year. He has taken a job and will earn more than \$100 in June, but will not earn over \$1200 by the time he is 18. Do I have to report that he is working?

**A.** If your son expects to earn more than \$1200 during the calendar year, you must report your son's work so that any necessary benefit adjustment can be made. Call at your social security office and give them the information. Be sure to take along the social security number under which benefits are being paid.

**Q.** On my self-employment tax return for the year 1961, I failed to report some of my business expenses. Is it too late for me to claim a tax refund for that year?

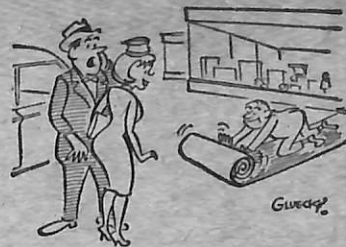

**A.** No, as long as you file an amended 1961 income tax return, including corrected Schedule C, on or before April 15, 1965. This is because of the statute of limitations which governs the correction of returns. Not only will the amended return produce a tax refund if one is due, but it will allow the Social Security Administration to correct your earnings record as well. The amended return should be filed with your District Director of Internal Revenue.

**Q.** A babysitter is the only domestic help I use. Would such a small amount as what I pay the babysitter be worth filing for social security?

**A.** Yes. If you pay your babysitter as little as \$4 cash per week for each of the 13 weeks in January, February, and March, the total is more than \$50, and you are required to report these wages and pay the social security tax on or before April 30th.

**Q.** Where does a domestic employer get information and the necessary papers for filing a re-

port and paying the social security tax?

**A.** Visit, write, or telephone your nearest social security or Internal Revenue office. You will find the numbers listed under U.S. Government in your telephone book. Ask for booklet OASI-21. This booklet includes your instructions and a card to request the necessary tax forms from the Internal Revenue Service.

**Q.** Must a housewife file a separate tax form for her household employees?

**A.** Not if she or her husband is already filing for business employees. The household employees should be included on the regular business return.

**Q.** If an employer fails to file the proper tax forms at the end of the calendar quarter, is there a penalty?

**A.** Yes, the tax laws permit the Internal Revenue Service to add a 25 percent penalty and 6 percent interest for failure to file returns on time. The next one, by the way, is due April 30th.

**Q.** A neighbor of mine said she thought I could pay my mother a salary for helping around the house, and build credit toward social security benefits for her. Is this true?

**A.** No, work performed as an employee by a parent for her son or daughter, or any work by a child under 21 for his parent, by a husband for his wife, or by a wife for her husband, is not covered by the social security law.

**Q.** I have been reporting household employees for several years. In parts of January, February, and March we were in Florida and only paid our maid \$38 in cash wages. Do I still have to pay the tax.

**A.** No. Since the cash wages were less than \$50 you need pay no tax for the January-March quarter. It would be a good idea, though, to send the Form 942 to the District Director of Internal Revenue marked "No taxable wages this quarter," so he knows you have not overlooked your obligation.

Acting Postmaster Robert R. DeForge says, zip your mail along with ZIP Code.

## On the lawn

WITH LARRY LAWRENCE

I get more mail in Spring than any other time. Most people don't think much about lawns and gardens in Winter. But, with the first robin, there's a strong biological urge to get busy on the lawn. And one writer in every two asks, "What do I do first?"

A wide open question. Yet I've found that most lawns respond to the same basic feed-weed-seed treatment. Every lawn, without exception, needs Turf Builder. Use the double rate if the turf has been weakened by last summer's drought — or if you want to get ahead of your neighbor.

As to weeds, they're not active yet, but this is the time to get down a crabgrass barrier such as Halts or Halts Plus, to stop it before it gets started. One great advantage of these particular controls is that they are compatible with seeding. You can do everything the same morning or afternoon in fact.

When it comes to renovating or seeding new areas, there's a new brand on the market this year that you might look into—Triumph. It contains the now famous Windsor, the mutation grass discovered by Scotts. It has a rich color, stands up better in drought and needs less cutting. What more could you ask for?
